

FACT SHEET: RAINFOREST ADVENTURES AT MYSTIC MOUNTAIN

ABOUT

This is the hottest new destination in Ocho Ríos, Jamaica, the attraction capital of the Caribbean. It boasts over 100 acres of land, stretching from the coast road entrance near Dunn's River Falls to over 700 feet above sea level at the top of Mystic Mountain. Rainforest Adventures at Mystic Mountain is an environmentally friendly attraction for all ages, provides ample opportunities to view and explore the unique seaside, tropical forest ecosystem with three unique and exhilarating excursions including the SkyExplorer, Bobsled Jamaica and Tranopy.

LOCATION

Rainforest Adventures at Mystic Mountain is located in the resort town of Ocho Rios in the "Garden Parish" of St. Ann. The Ocho Rios Cruise Ship Pier is a short 5-minute drive to the east; Dunn's River Falls is just a 3-minute drive to the west. The new North Coast Highway facilitates access from Montego Bay. Scenic driving time is 75 minutes from the Donald Sangster International Airport and 90 minutes from the Montego Bay Cruise Ship Pier.

ENVIRONMENTAL SUSTAINABILITY

Mystic Mountain is situated on over 100 acres of land containing a diverse ecosystem with natural springs, tropical plants, trees and a variety of birds. It exemplifies the natural, unspoiled beauty of Jamaica; the tours and rides have been carefully designed for minimal impact and the smallest possible physical footprint. During construction, the chairlift foundations were installed by helicopter, which significantly reduced disturbance to the environment and eliminated any need for a roadway to transport equipment. The latest design in chairlift towers – the "F" tower – was also specifically selected to dramatically reduce impact to the forest environment. More than 1,000 meters of bobsled track were hand-carried through the forest, and it was laid hugging natural limestone cliffs through the sloping hilly interior. Over 90% of energy requirements are generator supplied with unique specifications designed to reduce fuel consumption and carbon emissions by over 60%. The area can now be considered protected from de-forestation and urban sprawl.

FACILITIES

Jamaican Railway Station & Mystic Pavilion

Conceived by acclaimed Jamaican architect Ann Hodges, the picturesque three-storey building is designed as a replica of an early 1900's Jamaican railway station. It offers travelers stunning views of Jamaica's north coast, as well as vistas of the hills and valleys of St. Ann. With over 9,000 square feet, the multi-level rail station features a lookout tower, second level bar and restaurant, retail space for shopping, a photo shop and is the boarding point for Bobsled Jamaica.

Adjacent to the Rail Station, Mystic Pavilion features displays and memorabilia celebrating Jamaica's renowned culture, great moments in sports and the promotion of environmental awareness and conservation of natural resources. An infinity pool perched on the edge of the mountain completes this sensational setting.

Mystic Dining at 700 ft.

Stellar views are the centerpiece of this establishment, which is also perfect for hosting private groups and functions. Seating for 78 persons and ample outdoor space makes it the ideal spot for intimate weddings, corporate events and special occasions.

Chef Ravi Anne Kiran has created a contemporary menu of Caribbean cuisine peppered with classic favorites. Daytime menu items include healthy options such as the Health Basket with thin slices of slow roasted turkey breast piled high on *ciabatta* bread drizzled with Caribbean herb vinaigrette. Vegetarians will love the seasonal vegetable special stir-fry with tofu. A special "Irie

Pickney” menu is available for the kids, and there is a selection of sweets including traditional island puddings: bread, sweet potato and cornmeal.

GROUPS

Rainforest Adventures at Mystic Mountain will ensure that your event is unforgettable, offering outstanding facilities and exceptional service. The property offers a variety of settings for private group functions, day or night. Whether it's a large-scale event, reception, or closing gala, Mystic Mountain can take care of every detail. Settings include the park entrance framed by cascading natural springs and tropical gardens, or a mountaintop spot with awe-inspiring views.

ATTRACTIONS

SkyExplorer

Positioned prominently at the park's entrance, the Rainforest SkyExplorer is a state-of-the-art chairlift that sends guests soaring above the treetops up 700 feet to the top of Mystic Mountain. The descent carries them through the heart of the canopy, giving them firsthand glimpses of the wonders of the tropical seaside rainforest.

Bobsled Jamaica

The park's signature attraction, Rainforest Bobsled Jamaica, features a 1000m long gravity-drive through the rainforest on custom designed, high-tech sleds. Accessible via the SkyExplorer, the Bobsled is a thrilling ride through dense tropical landscapes and coastal features on sleds that evoke Jamaica's Olympic team.

Zip Line

Our secure Zip Line attraction whisks travelers through the verdant rainforest canopy, gliding from one platform to another. Visitors can top it off with a short ride down the Rainforest SkyExplorer.

TRANOPY PACKAGE

This three in one package offers: the Rainforest SkyExplorer, Rainforest Bobsled Jamaica, and the popular Zip Line. The SkyExplorer carries guests above the trees to the peak, then both the Bobsled and Zip line sends them speeding through the heart of the forest. For fun, safe adventure, this comprehensive package is the best way to experience all of Mystic Mountain Jamaica's Rainforest wonders.
